Subdivision and Land Development Plans

Harrison - 453 Wise Road, Map BP Parcel 20C, 120.5 acres +/-

The owner requested information on subdivision options. The acres allows for 4 building rights, 1 currently used in the existing farm house. They can divide the farm, but would have to cross the road to meet the ordinance requirement of 50 acres of cropland or apply to the Zoning Hearing Board for a variance. The woods ground across Kilgore Rd could be used for single family dwelling lots. Several ideas to preserve the farm, but also subdivide off non usable farm land were discussed.
